NETCOMM GATEWAY™ SERIES
ADSL2+ Modem Router

The NetComm NB14 ADSL2+ Modem Router allows you to connect to a broadband Internet service and share the connection with one device via the unit’s single LAN port.

Featuring an easy configuration wizard to get you connected with a minimum of fuss, this product is ideal for those who want an entry level, user friendly ADSL2+ modem router and do not have the need to share their connection.

Using ADSL2+ technology you will be connecting at speeds of up to 24Mbps*, allowing you to partake in all available activities on the Internet with a minimum of fuss. Whether you are sending emails, browsing the web, downloading files or playing games online, the NB14 ADSL2+ Modem Router is a perfect choice.
