HOW TO RESET NP508 UNITS

To reset NP508 units please follow these steps:

1. For the first adapter (non wireless unit).
   Please press the "Simple Connect Button" (circled) until the power light is flashing, around 10-12 seconds.

2. For the Second adapter (wireless unit).
   Please press the "WiFi Button" (marked as "A") until the power light is flashing, around 5-6 seconds.
